We also assist our clients by looking for rare part that are hard to come by. We have been providing support and services to all major Auto Trading Shops, Auto Work Shops, Industries, Transporters and Civil Constructions in the country.

“

We always deliver genuine parts in record time

Our Vision

To provide local auto dealers and users with an alternative that provides genuine spares at affordable prices.

We pursue our vision after realizing the influx of cheap unreliable spares flooding the Zimbabwean market. Such counterfeits are not only a threat to the automotive industry but also to the economy and to

society at large. Upon this background it is our mission to provide genuine alternative to serious auto industry participants .

Everyone is a Winner

OUR CLIENTS WIN

By providing access to affordable genuine parts our clients have found a center that is economic, reliable and consistent.

SOCIETY WINS

Society is ridden of unwarranted accidents that originate from equipment failure owing the feck replacement parts. Monies are saved and costs of production lowered

Business Scope

Trading all kinds of Diesel auto spares for all leading brands of trucks, busses and machinery.
